

Vision Statement

The objective for this committee is to create a community in residence that allows everyone to have a sense of belonging which in hopes will allow them to feel empowered in their safe space. We want to create a poll that will survey the socio demographics of students living in residence and how they feel about safety, cultural groups and clubs on campus, accessibility to resources etc. We also are focused on finding ways to decolonize ResSoc.

Our Goals are:

- 1) Collecting data that identifies key trends with residence and surrounding communities in relation to EDII.
- 2) Decolonizing ResSoc and its workspaces.

Our Meeting Times are:
